SUBJECT: Requesting Traffic Assistance and Permission to implement Half – Lane Closure at Starmak Junction

Dear Mayor Ting-Que:

This has reference to Contract I.D.: **23BD0042 - Organizational Outcome 2: Protect Lives and Properties against Major Floods - Flood Management Program - Construction / Maintenance of Flood Mitigation Structures and Drainage System - Construction of Drainage System Along Cagayan Valley Road including Bartolome St. and Apple St., Carig Sur, Tuguegarao City, Phase IV**, being implemented by **VIKING CONSTRUCTION AND SUPPLIES**.

May we respectfully request permission to close one lane of the provincial road at Starmak Junction to execute the drainage works. Once the top slab has been paved, metal plates will be laid to support the vehicle weights passing by.

With this, may we also request the assistance of the traffic enforcers to help guide motorists and ensure smooth traffic flow at the said intersection during the implementation of the lane closure.

In case approval has been coordinated with the assistance of traffic enforcers, kindly reach out to the Project Engineer, Mark Anthony Lara with CP Number: 09175652100 for scheduling the activity.

Thank you very much for your continued support and assistance in this endeavor.

Respectfully yours,

RAYNALDO T. ARUGAY
OIC – Assistant District Engineer
